

Dear MinWat2020 colleagues,  
the different events related to the current spreading of covid19 forced us, once again, to defer the date of the conference decided only few months ago for this coming October 2020.

Despite data about the diffusion of the virus in Italy and in several countries in Europe is now very encouraging, the same data seems to pose serious new treats in few European countries as well as in other areas of the world (USA and the whole south American continent), where the situation is not at all safe.

In the light of these thoughts and considering the fact that we would like to make the stay of all participants as more comfortable and pleasant as possible, the organizing committee has decided to fix the final date for the conference on 21th-25th of March 2021.

We would like deeply apology in advance to all participants having already organized and planned their trips to Italy for all possible inconveniences that this delicate, difficult to take and unusual decision will produce.

We warmly greet you and forward meeting you the next March at MinWat 2020 (probably from now on 2021) conference.

The Organizing Committee
